As one of the most sought-after school leadership experts and education presenters in America, Principal Kafele is impacting America's schools with truth, a demand for meaningful reflection upon current practice, and a challenge for a change to ensure that all students are achieving at high levels.

His book, [The Equity and Social Justice Education](#) discusses the key role teachers play in student success. It ensures that all students are seen, sheds light on the issues and challenges of inequity in the classroom, and provides a pathway to infusing social justice education into lesson plans.

This NO COST event is presented by Canton City School District in partnership with Dismantling Racism Coalition of Stark County, Stark Education Partnership, Stark Library, and State Support Team Region 9.

The Stark Education Partnership (a 501(c)3 non-profit organization) collaborates with education, business, civic and community members across the entire spectrum – cradle to career – to create and respond to opportunities that will provide ALL students with education and career success.
